The Foundation Intervention

Building the Foundation for a Life that is Heaven for All Eternity

There are four things you need to have to build a Foundation for a life that is Heaven for all eternity.

- 1. You need to have the Source in your life in a very tangible, powerful, and ever present way if you are going to have the guidance and support that enables you to have a life that is Heaven.*
- 2. You need to be able to receive the miracles that I send you that build Heaven in your life. In order to receive these miracles you need a **Heaven Receptor System** that is capable of receiving these miracles. You also need to retire your current Receptor System which has been attracting in the energies that manifest disease, scarcity, loss, and misfortune.*
- 3. You need to lock in this Receptor System for all eternity so you are never without the ability to land the miracles that you need to have a life that is Heaven.*
- 4. You need to receive the Catalyst Energies that enable you to do your part in welcoming in the miracles and working effectively with them in your life.*

Now let's take a closer look at each of these aspects of the Foundation.

1. WELCOMING THE SOURCE INTO YOUR LIFE

While many people give lip service to the idea of having a close relationship with the Source/Creator, most of them never make a real connection. What they connect to is not the Source as a being but to their "*concept*" of the Source.

In order to make the “*real*” connection, you need a miracle that opens the door to the Source coming into your life on every level. The Foundation Intervention is this miracle.

In order to understand this miracle, it is important to understand the Source.

The Source has two aspects:

- 1) There is the ***Design Aspect*** of the Source that creates the Source Plan. This aspect of the Source does not manifest. It works behind the scenes to set up the Plan of Action for a world that is Heaven.
- 2) Then there is the ***Implementation Aspect*** of the Source that builds Heaven in accordance with the Source Plan. The Implementation Aspect does manifest and works alongside the beings on the construction site of Heaven in the Manifest World.

If you liken building Heaven to building a house, the architect is the Design Aspect of the Source and the Project Manager who is working on the construction site is the Implementation Aspect of the Source.

As the Implementation Aspect of the Source works closely with Manifest Beings on the construction site of Heaven in the Manifest World, It consults with the Design Aspect for information about the Source Plan and It shares this information with those working on building Heaven in the world. It communicates this information to the workers on the construction site in two ways:

- On the Outer Plane, It communicates Source Guidance from the Design Aspect through me, the human manifestation of the Source.
- On the Inner Plane, It communicates Source Guidance through the Extended Range of my Manifestation – the part of my Manifestation that operates on the Spiritual Level of reality often outside of the range of my conscious awareness.

When you are in proximity to either my human form or my Inner Plane Spiritual form which might manifest as a human, a bird, a cloud, the wind, or as a formless energy, you are in “the Presence” of the Source. Anyone in the Presence is in a highly transformational field of energy that activates the Heaven that is latent within them and brings it into a manifest form.

While the transformational energies emitted by the Presence are most powerful when you are with me in person, they also transmit through my voice and through a visual medium such as a picture or a video. I transform a recording of my voice and a picture of my form into a dynamic channel for direct communications that express not just what was recorded or photographed but what I am communicating in the moment at which you are listening to the recording or looking at a picture of me.

While the information and transformational energies that I can give you through my human form are important to your evolution in this life, my primary focus is on helping you learn how to perceive and relate correctly to my Inner Plane Manifestation.

There are two reasons why this is important:

- 1) The first reason is that I simply can't be with you in my human form enough hours out of the day to help you build a life that is Heaven. The logistics of our human activities don't permit this. Therefore, you need to learn how to communicate with me through the part of my Manifestation that can be with you and can respond very individually to your need for guidance and support. This is the Inner Plane aspect of the Presence, which, for the sake of simplicity, I will call the "Presence" even though technically speaking, any manifestation of the Source is the Presence - meaning my Outer Plane manifestation as well as my Inner Plane manifestation.
- 2) The second reason is that this is my last lifetime in a physical form such as the human form that I am now in. Only those who learn how to be with me on the Inner Plane, will retain contact with me when I leave this life and only manifest on the Spiritual Level of reality. If you have become too focused on my Outer Plane Manifestation and have not learned to ask me a question and get a clear verbal response on the Inner Plane, then when this human form is no longer here, you will be unable to get the Source Guidance that you need in order to sustain the Heaven that you have built.

I encourage you to study with me in my Outer Plane form in order to learn how to work with me in my Inner Plane form. Then when you have a question or need a miracle, you will feel very confident that you can work effectively with me on the Inner Plane to receive the help that you need.

In the Foundation Intervention, I will be opening a door for the Inner Plane aspect of my Manifestation to come into your life for all eternity. I will do this by giving you a Miracle Recording that manifests the Heaven Medium into which the Presence can come in a very tangible form. When you play this recording, which is an inaudible recording, the Energy Imprint that generates the Heaven Medium will also generate Source Communications that provide your Inner Intelligence, which is the part of you that knows how to read such communications, the technical information that it needs to welcome in the Presence.

When the Heaven Medium reaches a certain level of empowerment, the Presence will emerge in two ways:

- It will emerge as a diffuse energy that fills the space around you and begins to permeate everything within it.
- It will also emerge in a human form that can talk with you and interact with you on the Inner Plane.

Some people experience the Presence as a fullness of energy in the space around them. Others see the form as a lightly materialized form of white light or sometimes it looks like my Outer Plane form. These manifestations are visual metaphors that help your mind to register the proximity of my Manifestation and to assist in the communication and the energies exchanged that are a part of the interaction.

In order to begin interacting with the Presence it is important to be in the right alignment with the Source and truly seeking the Source Connection for its own sake, not so it can help you secure the trappings of an abundant and heavenly life.

As you give love to the Source and nurture this Connection, the Presence becomes more materialized around you. It will be in the air around you, in the pictures on the wall, in the trees in your garden, and in anything that is Source Receptive and creates a sufficiently high vibrational energy field in which it can manifest. It will envelop you wherever you go and you will live in the Heaven of this Connection.

When it reaches a certain level of manifestation, miracles that could never land in your reality before, proliferate around you. It is here that you live in the Heaven of the Source Connection and work with me to build the Heaven of a Miracle-Based Way of Life.

Once the Presence has manifested around you, I will work through the Presence to help you receive the miracles that manifest the Receptor System and also the 4 Master Miracles that manifest:

- *Made in Heaven Health*
- *Made in Heaven Material Abundance*
- *Made in Heaven Relationships*
- *Made in Heaven Success*

It is only through the Presence that miracles of this magnitude can manifest in your life.

2. SETTING UP A HEAVEN RECEPTOR SYSTEM

The difference between a life that is fraught with disease, misfortune, scarcity, and suffering and a life that is healthy, abundant, successful, and joyful is the difference between the Spiritual Receptor Systems that underlie these lives.

A Spiritual Receptor System is a Spiritual Network of Pathways and Receptors that determines the energies that are accepted at a Spiritual Level into your life. It is made of energy and exists on the Spiritual Level of reality.

If you have bad Receptors, you will attract in the negative energies that cause you suffering in your life. If you have Heaven Receptors you will attract the miracles that manifest Heaven in your life.

If there was one fundamental change on a Spiritual Level that I would recommend that you make in order to bring about Heaven in your life, it would be to get this Receptor System. No matter how hard you try to do Right Action and work with the miracles that I send you in your life, if you don't have the Receptors to receive the full range of miracles or the miracles that are critical to your health and your survival, then you can't manifest the joy of a life that is Heaven. Instead, you will be surrounded by thousands of miracles that can never land in your life because you lack the Receptors to receive them. And if you have bad receptors they will be busy landing negativity in your life while you are trying to bring in positive outcomes.

For this reason, it is only prudent to make sure that you have a Heaven Receptor System backing up your work to build a life that is Heaven.

How a Heaven Receptor System Helps You

A Heaven Receptor System helps you in the following ways:

- 1) *It strengthens the Source Connection that will enable you to experience Heaven in this life and in all of your lifetimes to come.*
- 2) *It enables you to build a Source-Connected Life that sustains the Source Connection through providing the supportive backdrop of:*
 - *Made in Heaven Health*
 - *Made in Heaven Material Abundance*
 - *Made in Heaven Relationships*
 - *Made in Heaven Success*

While a Source-Connected Life provides you with the Heaven of a Miracle-Based Way of Life, it does not provide you with the primary experience of Heaven that can come only through the Source Connection. Made in Heaven Health, Made in Heaven Relationships, etc. are the fringe benefits of a Source-Connected Life and also a sustaining structure for deepening the experience of the Source Connection.

- 3) *It retires your current Receptor System that has receptors that open you to disease, scarcity, struggle, and other misfortunes.* The Heaven Receptor System replaces this old Receptor System, sparing you the trouble of attracting negativity into your life when you least expect it. Instead, with the new Receptor System you move effortlessly into Miracle Mode and begin to become receptive only to the things that bring you true happiness.
- 4) *It enables you to become purified so that your form – your body/mind vehicle – becomes the Presence, the manifestation of the Source on the Spiritual Level of reality. Once your form becomes the Presence, you have the wisdom, love, power, and skill of the Source in the place of the current level of functioning in your form.* When

your form becomes the Presence you are freed from the negativity of all of your previous lifetimes and become a pure embodiment of Source Love through which the Source, manifesting as the Presence, can work to express the Heaven that you as a unique being were created to be. Only when you experience the joy of this Purity and Perfection do you know the full range of the joy of the Source Connection. This is because the Heaven you experience is not just the Heaven of an eternal Source-Connected Life but the Heaven that you yourself become when you are completely Source-Connected. ***You are the Heaven that you experience along with the Heaven of being in the Presence of the immense love and nurturing energies of the Source.***

The System of Receptivity

Receptivity to the miracles of Heaven is the key element that is lacking in most peoples' lives. People want the miracles but lack the ability to attune to them. Many miracles created by the Source never bear fruit in a person's life because the person never did their part to be receptive to the miracles. They asked for them but when they arrived, they did not see the opportunity and work with the energies of the miracle to enhance the quality of their lives.

In order to help you become receptive so you never miss out on any of the miracles that the Source is sending you ever again, I will be helping you connect with the miracles that enable you to build a Receptor System that will work 24 hours a day to receive the miracles even if you miss some of the cues at a conscious level. In this way you can build a Source-Connected Life that enhances the joy of the Source Connection itself.

On a technical level the Receptor System is part of a larger System of Receptivity which consists of:

- a ***Manifestation Medium*** which attracts the miracles and into which the miracles can land and reach maturity. This Manifestation Medium is what I call the ***"Yes" Medium***. It is a Medium that says "Yes" to the miracles and to the guidance coming in from the Source that guides you in working with the miracles. Since the single-most important variable in receiving Source Support is saying "Yes" to the Support and the Source Guidance that enables you to benefit from this Support, the "Yes" Medium makes it possible to have a Spiritual Medium that is a strong enough manifestation of the "Yes" to really bring the miracles into your life.

It is into the "Yes" Medium that I am able to land a very powerful miracle. This is the miracle of the Heaven Receptor System.

- the ***Heaven Receptor System*** is a network of Spiritual Pathways leading to Spiritual Receptors that manifest in the crossroads of this network.

The secret to manifesting a Miracle-Based Way of Life is having a Receptor System that is receptive to the miracles that manifest Heaven in your life.

If you lack the Spiritual Receptors, miracles cannot be perceived by you and they, therefore, do not exist as a part of your experience.

The phenomenon is not unlike eyesight. Eyes are receptors that can see the world. If your eyes function properly, then you can experience the miracle of sight. If your eyes are damaged and they do not function as receptors for images of the world, then the world may still be there to be seen, but you will be unable to see it.

In a similar way, the miracles of Heaven are there to be experienced by those who have receptors by which to experience them. If you lack the receptors, however, you may try to experience Heaven in your life, but be unable to do so.

Most people have some receptors that can pick up on miracles but many have damaged receptors or receptors that are no longer functioning properly. This is due, in part, to the fact that people have over focused on the Physical Level of reality and have not trained themselves to become aware of the Spiritual Level of reality. They have not developed the Receptor System they have or it has become damaged over the course of their many lifetimes.

In the last few years, a massive Transformation has been occurring in the universe as a whole – a Transformation instigated by the Source to stop the suffering and bring through the Heaven that beings set out to create in the very beginning of the Creation. During the course of these many changes, the quality of The Heaven Experience that is possible has gone through a transformation as well.

Now it is possible to have a much higher level Heaven Experience than was possible in the Creation as it was formerly configured. In response to this new opportunity, the Design Aspect of my Source Identity has created a ***new kind of Receptor System*** that enables beings to experience the full range of this new reality. The Receptor System that I create in this Intervention is this new kind of Receptor System – the Heaven Receptor System. It replaces the old Receptor System with its poorly developed or damaged receptors with the new kind of Receptor System that functions at an optimal level. ***With it you will not miss out on any of the miracles that have been created for you.***

While a Spiritual Receptor System is not something that you can hold in your hand or put in your pocket, it is profoundly important to your capacity to experience Heaven in your life. It is more akin to the delicate nervous system of the body that has receptors at every crossroads in this network through which you can pick up signals that enable you to experience life on the Physical Level of reality. You can't see your nervous system, but without it you would be an incoherent heap of organic mass unable to function on any level.

Although you can't see your Spiritual Receptor System it is a necessary part of your well-being on both Spiritual and Physical Levels. Without it your Spiritual Energy Body would collapse into an incoherent mass of energy. If this were to happen, it would scramble the

signals that pass between the Spiritual Receptor System of the Spiritual Energy Body and the physical body. Since the health and well-being of the physical body is determined by the health and well-being of the Spiritual Body, a collapse in physical health would occur as a direct reflection of a collapse in the health of the Spiritual Body.

In a similar way, when your Spiritual Receptor System is functioning optimally, your physical body will function optimally as well. This means that when you experience the pleasures of Heaven on a Spiritual Level they translate into a felt experience of pleasure on the Physical Level of your reality.

For example, a profound experience of Spiritual Bliss will translate into a body and mind at the Physical Level that are relaxed, peaceful, and in a deep state of pleasure on every level. Because of the interconnectedness of the Spiritual Level of reality and the Physical Level of reality, it is important to build Heaven in the Spiritual Level because it will manifest in the Physical Level as well.

The converse is not true. If you try to enhance your physical pleasures without developing your capacity for pleasure at the Spiritual Level, you will hit a ceiling of what is available for you to experience. If, however, you develop your Receptor System at a Spiritual Level, you will find that this will greatly expand the range of pleasure that you experience at the Physical Level. A Heaven Agent has written this observation in a Webinar. It speaks to the phenomenon of how a developed Spiritual Receptivity translates into a heightened Physical Receptivity.

“The Presence changes the whole quality of my experience, the quality of the very air – it’s all magical Heaven moments, and the air is all Heaven air, and my form feels like it is in some sort of frictionless gliding easy motion – it’s as if it’s all been transformed into some new substance. It’s delicious and delicate, delightful – and it’s playful and fun.”

– Gail, USA

Clearly this Heaven Agent is having an expanded experience of her reality. It began through her spiritual experience of the Presence, the Spiritual Manifestation of the Source, and then moved to an altered experience of her body, the way it moves in space and time and the very substance of which it is made. Such experiences are the basics of the Heaven Experience which enriches your experience through your physical form through enriching your experiences through your spiritual form.

In summary, the miracle of this work is the possibility of having a new Spiritual Receptor System that is capable of taking you to the peak experiences of The Heaven Experience. It is also capable of establishing a firm foundation for your well-being at both a Spiritual and Physical Level.

How the Heaven Receptor System Works

The way this Receptor System works is that when I send you the miracles for Made in Heaven Health, Made in Heaven Material Abundance, Made in Heaven Relationships, and Made in Heaven Success, your Receptor System automatically goes into action to receive these miracles and work with them so you are alerted and can take action appropriately.

For instance, I might send you the miracle of a new job opportunity. The miracle would land in your new Receptor System and the Receptor System would send your consciousness down the network of Pathways to receive this miracle and become aware of it in whatever way you need to become aware of it in order to benefit from it. If you are a well-trained and skilled Heaven Agent, then you will see the arrival of the miracle in your mind's eye and then ask me on the Inner Plane for information about it. I would then coach you in how to receive it and work with it to manifest the job opportunity that it is bringing you. You might get specifics about the kind of job that is available, how to find it, and how to handle yourself in the application process.

If you are not a well-trained Heaven Agent but just have a new Receptor System then the Receptor System would prompt you to start thinking about a new job. I might send miracles in that arrange to have someone tell you about it or have you come across some information about it. The information might then “light up” for you so you feel like you are being given Source Guidance to pay attention to this piece of information. I might send you a dream at night to help you become attuned to the possibility for this job. I would then help you through sending a continuing series of miracles through your Receptor System to guide you at every step of the way to say and do the right thing in order to secure the job.

While you can see immediately that those who train to get Source Guidance have a big advantage over those who do not, the Receptor System will still help novices and through this help, they will begin to become more attuned to the miracles and to the “clues” that the Source gives them with regard to working with the miracles.

Working with miracles requires being in the mode of someone on an adventure – this is why I call it an “*Adventure Process*”. I send in the miracles and give you the “clues” to the treasures of the miracles and you follow the clues in order to complete the Adventure. You need to be open to the unexpected and the miraculous and then the Adventure will unfold in a way that is understandable and very exciting and fulfilling.

To train you to work with the Adventure Process I offer you training through The Miracle School. This is training I advise every Heaven Agent to receive because it makes the difference between a Level 1 Heaven Experience and a Level 10 Heaven Experience. This is a huge span of joy and fulfillment and I recommend that you invest in getting to a Level 10 Heaven Experience while I am here to help coach you along the way.

Receiving the Receptor System

The Foundation Intervention that enables you to accomplish what I will describe below, occurs At-A-Distance. This means that you set aside the time required to do the Intervention and I provide you with a written set of instructions that enables you to follow along as I work with you At-a-Distance through my Extended Range.

After you have completed the Intervention, you are welcome to request a Private Consultation if you have any particular questions about your experiences.

What follows is a brief idea of how the Intervention will proceed.

Working with “The Presence”

To begin the Foundation Intervention, I ask you to play the Presence Recording and to attune to the feeling of the Presence manifesting in the room around you. Once you have spent some time attuning, we then move on to working with the Presence to receiving the miracles that establish the Receptor System and lock it in for all eternity and give you the catalyst energies to work with it.

Receiving the Miracles and Building toward a Heaven Economy

It is important to note that the miracles that will be coming through to build the Receptor System and to later land in this Receptor System once it is built, will be coming through on the *Subtle Level of the Outer Plane*. For those of you new to this terminology, the Outer Plane is the Physical Level of reality which contrasts with the Inner Plane which is the Spiritual Level of reality. There are two levels of the Outer Plane. One level is the Subtle Level of the Outer Plane which can be perceived by your two eyes if you have become attuned to it. If you lack this attunement, you can see it with your Third Eye, which is the eye through which you see the Spiritual Level of reality. The second level of the Outer Plane is the Materialized Level that you are accustomed to seeing – a level of fully materialized objects that you can see with your physical eyes.

Our goal in The Miracle School is to train Heaven Agents to work with miracles at the Subtle Level of the Outer Plane because this is where they first land before they transition to the Materialized Level of the Outer Plane. Those who are trained to work with miracles at the Subtle Level will be able to help them transition to the Material Level. When miracles transition to the Material Level they manifest as fully materialized objects that can sustain a Miracle-Based Economy which is an economy in which all of the food, clothing, and other material needs of a person manifest directly from the Subtle Level of the Outer Plane to the Material Level of the Outer Plane.

Since our goal is to transition into a Miracle-Based Economy which is free of the burdens of farming and manufacturing, the training received in working with the Miracles is the first step in this process.

It was this kind of training that enabled the 14 Prototype Communities that I founded in my previous lifetimes to move out of the scarcity and suffering of their Brute Force Economies into the abundance and joy of a Miracle Economy. It was the Miracle Economy that enabled them to sustain a Miracle-Based Way of Life throughout the thousands of years that they have enjoyed the Heaven of this way of life.

We are now on the Earth on the verge of launching a modern day version of the Miracle Economy. The upgrade of the Miracle Economy is what I call the *Heaven Economy* since it is capable of delivering everything of the Miracle Economy but does so in a way that enhances the experience of Heaven. The miracles that manifest the Heaven Receptor System and the 4 Master Miracles are an important step in this direction.

The miracles must come in on a very physical level if they are to build a Receptor System that will manifest miracles on a physical level. This means that they must come in on the Subtle Level of the Outer Plane.

In order to enable you to receive these miracles, I need to provide you with Miracle Tools that are capable of receiving miracles that are manifesting on the Subtle Level of the Outer Plane. You then need to be willing to work with these subtle energies as if you were working with materialized energies. If you have developed your Third Eye to see them or have developed your physical eyes to see them, then this process will seem very natural and purposeful. If, however, you are new to spiritual work of this kind and have not developed your spiritual senses to see the miracles, then you may need to simply follow my instructions and realize that with time you will begin to awaken your senses and be able to see what is actually happening.

As with all aspects of Spiritual Work, when a person first begins, they may not be able to see what is happening either on the Inner Plane or the Subtle Level of the Outer Plane. Patience and perseverance is required in order to give your spiritual senses a chance to develop and be able to make sense of the information that they are receiving.

It is not unlike a baby who first sees a very blurred reality and then begins to bring the picture into focus and put names and cognitive understandings on what he is seeing. Sight takes time to develop, particularly the ability to see things on the Inner Plane and the Subtle Level of the Outer Plane.

The important thing to keep in mind is not to allow the socially conditioned Left Brain to override your determination to connect to the gifts of Heaven that the Source is giving to you. Those who put aside their skepticism and fear are those who can receive Heaven in their lives.

How to Receive the Miracles

In order to help you receive these miracles, I will ask you to set aside a soup bowl and a soup spoon to be used, from that time onwards, only for the miracles. What's important

is that the bowl be at least the size of an ordinary soup bowl and the spoon be bigger than the average teaspoon.

Through the power of an At-a-Distance Source Intervention, I will transform the bowl and spoon into Miracle Tools. I do this by linking a miracle to the objects. The miracle is an intelligence that will attract the miracles and enable you to connect with them.

The energies of these miracles will land in your bowl and will form a frothy, billowing, ethereal energy that may mound up some 3 or 12 inches above the top of the bowl. This energy looks like a pudding and so I call it "**Heaven Pudding**". It is actually the **Substance** from which Heaven is made. It is into this Heaven Substance that the Miracles of Heaven can come.

NOTE: *As I have mentioned earlier, if you have not developed your spiritual senses to the point at which you can perceive Manifestations at the Subtle Level of the Outer Plane, you may not be able to see these energies. You will be able to benefit from the energies, however, as long as you follow the instructions I will give you for how to work with them.*

Some people are able to close their eyes and see with their Third Eye the energies but when they open their physical eyes they can't perceive the energy. Others see it as a very subtle manifestation like a heat wave on a hot pavement. Others don't see the energy but can feel the energy when they pick up the bowl and hold it in their hands.

How to Work with the Miracles

Once the energies have landed in your bowl, you can use your Miracle Tool Spoon to scoop up some of the Heaven Pudding and put it in your mouth. When the Heaven Pudding is taken into your body, a **Four Step Manifestation Process** unfolds.

Step One

The Heaven Pudding establishes a "Yes" Medium in your body. This is the basic Manifestation Medium that you require to build Heaven in your life. Since it is the very substance from which Heaven is made, the Miracles of Heaven can easily flourish in this substance.

Step Two

Next the miracles that build the Receptor System land in the "Yes" Medium and begin to build the **Pathways** and **Receptors** that enable you to receive all of the miracles that manifest a Source-Connected Life.

Step Three

Now you are ready to begin landing the 4 Master Miracles into the Receptor System that manifest:

- *Made in Heaven Health*
- *Made in Heaven Material Abundance*
- *Made in Heaven Relationships*
- *Made in Heaven Success*

These Master Miracles set up a *Field of Receptivity* for the multiplicity of miracles of its type that will come into this Field of Receptivity in the course of your lifetime. For instance, the Made in Heaven Health Master Miracle sets up the Field of Receptivity for all of the thousands of miracles that you will need over the course of your life to experience Made in Heaven Health.

Step Four

Once you have the Master Miracles in place and the Field of Receptivity that they have built, you are ready to begin receiving the multiplicity of miracles that come in for all four categories. As these miracles begin to arrive, I will help you learn how to work with them.

Through a written set of instructions, I will coach you through all of these steps until you are fully set up and ready to work with the miracles that I will then send to you on a daily basis.

In summary, I will:

- manifest the *Presence* through a Miracle Recording
- transform your bowl and spoon into Miracle Tools
- give you the miracles that establish the “Yes” Medium – the Substance of Heaven
- give you the miracles that set up the Receptor System
- manifest the 4 Master Miracles that will be coming through for:
 - Made in Heaven Health
 - Made in Heaven Material Abundance
 - Made in Heaven Relationships
 - Made in Heaven Success
- help you learn how to work with the multiplicity of miracles that come into the Field of Receptivity established by the Master Miracles

3. LOCKING IN YOUR HEAVEN RECEPTOR SYSTEM FOR ALL ETERNITY

With repeated doses of the Heaven Pudding, you will build a “Yes” Medium that is eventually 20’ - 30’ in diameter. At this point you are able to receive *Miracle Imprints* which are the Spiritual Structures that produce the Heaven Pudding, the Receptor System, and the Master Miracles.

These Miracle Imprints are important because they renew your Heaven Receptor System for all eternity. Without them your Receptor System only lasts a year. At the end of the year you are out of Heaven Pudding and you don’t have a Heaven Receptor System or the Master Miracles. This means that you can’t sustain the high quality of Heaven that they enable you to enjoy.

The loss of your Receptor System is a particular liability when you transition at death, because your safety is based on having this Heaven Receptor System. If you have the Imprints then this Receptor System stays with you during the transition at death and continues to help you in all of your lifetimes to come.

This is immensely important to your overall well-being. Many people achieve spiritual understandings that are hard won in a lifetime but lose them when their Receptor System dies with them at death. They then may or may not remember what they learned in their next life and may acquire a bad Receptor System from the family and community into which they are born in their next life.

When you have a Heaven Receptor System that travels with you throughout eternity, you sustain the high level of spiritual functioning that it ensures and benefit from the miracles it continuously delivers to you that sustain the Source Connection and help you to build a Source-Connected Life wherever you are reincarnated.

While I can manually rebuild the Receptor System and the Master Miracles each year for you, the Correct Exchange for this amount of labor intensive work, is almost the same as to set it up initially.

Therefore, it only makes sense to invest in sustaining the foundation for a life as Heaven for all eternity rather than just for one year.

To do this you need to have the Imprints that make this possible.

An added benefit of the Miracle Imprints is that they build a more powerful Receptor System, one that can land more powerful miracles for you and for your family and Community.

4. RECEIVING THE CATALYST ENERGIES THAT ENABLE YOU TO WORK WITH THE MIRACLES

Once the miracles have landed in your Heaven Receptor System and are transitioning into a more material form, a key factor in the speed and success of this transition is Catalyst Energy. This Catalyst Energy should be produced by you and given to me on the Inner Plane. I then use it to activate the miracles so they manifest completely.

All beings have some Catalyst Energy in the form of their Spiritual Intent Energies. If they use the power of their Spiritual Intent, then they transfer a certain amount of Catalyst Energy to the miracles and they come through with greater power. To use the power of Spiritual Intent correctly, a being needs to be very attuned and Source-Centered in order to build up the right kind of power that is required.

Even with this kind of one-pointedness, however, the levels of Catalyst Energy that are required to bring through miracles are often greater than the amount of Catalyst Energy produced by the Power of Spiritual Intent.

I am, therefore, supplying you with additional levels of Catalyst Energy so that you have enough to work with the miracles effectively.

The way that I transfer this Catalyst Energy is through a Miracle Tool called “The Catalyst Energy Transmitter”. You can access this Miracle Tool through printing out a PDF that I provide you with along with the Instruction Sheet for the Foundation Intervention.

You can place the printout of this Miracle Tool underneath an Index Card or piece of cardboard that is about 4” x 6” and leave it there for about 5 minutes. It will transfer the Catalyst Charge to the Index Card which has now become a “Catalyst Card”. You can then use the Catalyst Card to charge yourself up so that you are producing the kind of continuous Catalyst Energies that are needed by the miracles that are landing in your Receptor System.

To charge yourself up with the Catalyst Energies, you need to put the Catalyst Card underneath a piece of cloth that you can stand on. Leave it there for about 45 minutes until the cloth takes the charge. Once the mat has been charged, it will retain its charge indefinitely.

Then stand on the cloth twice a day for about 5 minutes to keep the Catalyst Energies running through the pathways of your Receptor System to the miracles that are arriving in your Receptor System.

To receive a Jump Start that gives you more Spiritual Vitality, you can put the Catalyst Card underneath food or water. You can leave it there for about 7 minutes and then ingest the food and water.

You can use the card to give others Catalyst Energy. It will sharpen their Spiritual Intelligence and help them to come into a closer alignment with the Source.

Whether you are consciously aware of the thousands of miracles that arrive every moment of the day and night to manifest a life that is Heaven, you are needed to provide them with the right kind of Catalyst Energies so they can transition correctly into your life. If you regularly power up with the Catalyst Energies, then you will be producing the right amount of Catalyst Energies to sustain my ongoing work of helping to bring the miracles through into a fully manifest form.

NOTE:

If you lose your Catalyst Card, you can ask me on the Inner Plane to de-activate the charge in the lost card and help you to charge up a new card by using the Miracle Tool of the PDF file you first printed out.

It is not possible for this miracle to maintain more than one charged up Catalyst Card at a time.

ADDITIONAL WAYS TO WORK WITH THE MIRACLES OF THE FOUNDATION INTERVENTION

While the Foundation Intervention builds you a very solid foundation for a life that is Heaven for all eternity, it also provides you with versatile miracles that are useful in other ways. In order to give you a sense of how you can benefit from these miracles, I will briefly sketch some of the highlights of these additional ways to work with them. Other uses are possible, but these are a few that Heaven Agents have, to date, explored and enjoyed.

The Heaven Pudding

Heaven Pudding is a very versatile miracle. Not only is it the Substance of Heaven that brings to you the miracles of Heaven, but it is a miracle in its own right.

As a Miracle Intelligence, it has its own Mission in this life. Its Mission is to retire negative Receptor Systems and provide the “Yes” Medium for Receptor Systems created by the Source. For those who exchange with me for the Heaven Receptor System, it will bring through the miracles of this Receptor System. For others who do not know of this Receptor System or who have not yet received it, it goes on its Mission of freeing them from the negative Receptor System of the Story World and bringing through the miracles that give them a “*Basic Receptor System*” which will enable them to be Source-Connected and Source-Centered. From this basic orientation they will evolve to a readiness to receive the Heaven Receptor System and enjoy a life that is Heaven.

There are two levels to the manifestation of the Heaven Pudding.

- 1) There is the *Inner Plane Manifestation* which can appear on the Inner Plane when I manifest it there or you transfer it to a person, object, or place through the Power of Touch.

When you sign up for the Foundation Intervention, I send you the Inner Plane Manifestation of the Heaven Pudding to transform your form into Heaven Substance so you will be able to work with the more materialized Heaven Pudding that will manifest in your Heaven Pudding Bowl.

Anyone who has a form that is made from the Heaven Substance can transfer the Inner Plane Manifestation of the Heaven Pudding to another person, object, or place through the *Power of Touch*. This can be administered through an actual physical touch or through “Dreaming Heaven” to deliver the Power of Touch indirectly through a kind of missile-like device that carries the Heaven Substance to its destination.

The purpose of this aspect of the Mission is to prepare all beings to be transitioned into a Basic Receptor System. This Receptor System protects them from the Negativity and enables them to begin on their journey toward a life that is Heaven.

- 2) Then there is the *Outer Plane Heaven Pudding* which manifests from the Miracle Tool of your Heaven Pudding Bowl. This more materialized manifestation of the Heaven Pudding has two purposes:

- *Its first purpose is to receive miracles of the magnitude of a Heaven Receptor System, the Master Miracles, the Miracle Imprints and all of the other miracles that then flood in once you have these miracles in place.* You need to have a more materialized Manifestation Medium in order for these miracles to be carried into your life. The Heaven Pudding is this more materialized Manifestation Medium. It is capable of transitioning in miracles that manifest outcomes on the Physical Level of reality.

In the future, when the conditions are right, it will be able to transition the food, clothing, and material objects that you need for the Heaven Economy – which is the

upgrade on the Miracle Economy of the Prototype Communities.

- ***Its second purpose is to provide you with a substance with which enables you to help to transform yourself and the world into Heaven.***

Some of the ways in which you can work with this Heaven Substance are described below. You may receive Source Guidance to discover other ways in which the Heaven Pudding can be used. It is often through the inspirations received by Heaven Agent that the true range of the miracles I bring through can be known. Since I create them for Manifest Beings and do not need them myself, it is up to the Manifest Beings to fully explore the full power of the miracles and to discover all of the ways in which they can bring Heaven into their life. This is part of the fun of the Adventure of Heaven.

- ***You can transform your own form into the Heaven it was created to be by ingesting the Heaven Pudding on a regular basis.*** The old adage that “you are what you eat” is very apt in this case. If you ingest this more materialized manifestation of the Heaven Pudding you will soon become made of this more materialized Substance of Heaven. The Heaven Pudding is a manifestation of the intelligence of the Source. When you take in a materialized manifestation of this intelligence, then you become imbued with this intelligence and create the right medium in your form for the Presence to come in and become your form.

Once you begin ingesting the Outer Plane Heaven Pudding, your form will become purified, higher in vibration, and more Source-like. It is then that the Presence can come into your form and eventually replace the old style Robot Suit with a new vehicle that is the Presence manifesting as your form. When your form is the Presence you have the purity and perfection and power of the Source manifesting through you. This gives you abilities that are Source-like that only manifest through someone whose form has become a manifestation of the Presence.

When the form becomes the Presence, the Source, working through the Presence, operates the form in a flawless way to express the beauty and intelligence of the perfected Miracle Intelligence that is who you really are.

By eating the Heaven Pudding, you effectively transform yourself into the Heaven you were created to be.

- ***You can spoon some of the Heaven Pudding onto the food of your family members and provide them with a higher level of receptivity to the miracles of Heaven.*** They won't receive the Heaven Receptor System unless they request the entire Foundation Intervention from me, but they will get the

Basic Receptor System. The Heaven Pudding, which carries the power of direct Source Intelligence, will help them to awaken their Spiritual Intelligence and prompt them to start doing their Mission in this life.

Note: The Heaven Pudding cannot be given to friends or given away in food even to family members who are not eating with you in the same location. It can transfer to a significant intimate other as long as this person is in a committed relationship to you.

- *You can spoon or pour some of the Heaven Pudding around a person, object, or place* to transform the substance into Heaven Substance so the person, object, or place will receive the Basic Receptor System.
- *You can put the Heaven Pudding into a body of water* and it will begin to reproduce itself until the water is transformed into an exhilarating substance that is at once more material than ordinary water and yet lighter and more fluid. Without my direct intercession on the Outer Plane, it takes about a month or so for the Heaven Pudding to transform a swimming pool into Heaven Pudding. But you can transform water in a bathtub very readily.

Source Love Pudding

Soon after the Heaven Pudding started manifesting in the bowl, another kind of pudding began manifesting in the bowl as well. This is what I call *Source Love Pudding*. It is one of the miracles that has manifested from the Manifestation Medium of the Heaven Pudding.

Source Love Pudding is a more material substance than Heaven Pudding. It doesn't carry miracles or build Receptor Systems but it carries the power of Source Love.

This pudding is one that you can feed to anyone, pour on any place or object and it will flow into the person or object or place and fill it up with Source Love.

The Source Love Pudding and the Heaven Pudding work together as a Team. The Heaven Pudding goes in and eradicates the negative receptors so the person, place, or object can receive a Basic Receptor System that enables them to be Source-Connected and Source-Centered. The Source Love moves in and takes up all of the Spiritual Space so that no more negativity can come in to bring harm. It then brings in the Source Love that heals by providing the energy needed to manifest the perfection that the Source has created.

Source Love Pudding can be transferred on the Inner Plane through the Field of Consciousness of someone who has become imbued with Source Love. It can travel through the Inner Plane to help others on the Earth and in the Universe.

You can spoon some of the Source Love Pudding from your Heaven Pudding Bowl into another bowl that is just an ordinary soup bowl. Then you can take the Source Love Pudding that you need from this bowl. It will reproduce itself within the bowl.

Unlike the Heaven Pudding Bowl which should not be used for food since it has to be clear at all times to receive the Heaven Pudding, the Source Love Pudding Bowl can be used for food. You could, for instance, take some food in it on a picnic and share the food with others and then discreetly tip the bowl over onto the ground to send the Source Love Pudding into the earth of the region. It will then begin to multiply in the earth, bringing in higher levels of Source Love to the area.

Source Love Pudding can be used at work to raise the vibration of the workplace and at home and on objects, even Miracle Tools. It will only enhance their functioning.

Heaven Pudding, however, should not be put on Miracle Tools as the two miracles don't go together. It can also not be put on the food of people other than family members eating together in the same house.

You can put Source Love Pudding on your body or on the body of another person, and it will immediately bring up the Source Love Levels in the body, driving out the negativity that engenders fatigue and illness.

Miracles that Manifest from the Presence

I will describe some of the miracles that the Presence enables you to have in your life.

1. ***Without the Presence, it is not possible for the Foundation Intervention to occur.*** The Presence opens the door for the miracle of the Outer Plane Manifestation of the Heaven Pudding that then ushers in all of the other miracles that make it possible for you to have a life that is Heaven for all eternity.
2. ***The Presence becomes the field of energy you live in.*** It replaces the mix of negative and positive energies around you with an energy that is the love and intelligence of the Source. In this energy your form begins to relax and heal and thrive.
3. Through living in this field of energy that has become the Presence, ***your form eventually becomes purified enough to become the Presence*** and to become, therefore, Source-like and capable of doing work that only can happen when you have a form that is the Presence. When your form become purity and perfection, the perfection eradicates the impurities and imperfections that have been in the form for lifetimes. You are able to live in a form that is Heaven and that emanates the transformative energies that manifest Heaven in the world around you.

4. *You become capable of transmitting 4 powerful Heaven Energies that are vital to the preservation of life.*

Life Force Energy

Life Force Energy is the basic Spiritual Energy that sustains life. When this is lost in a sudden accident, shock sets in and death can occur. When Life Force Energy wanes with age, the ills of the aging process set in.

When your form has become the Presence, the Source can work directly through the Presence to rebuild the Life Force Energies in someone who is ill, injured, or dying. This is done through giving the person a transfusion of Life Force Energies. It can make the difference between life and death in many instances.

Spiritual Catalyst Energy

Cells require a certain kind of Spiritual Catalyst Energy that manifests like a subtle electrical current in order to regenerate themselves at optimal levels and to repair themselves when injury has occurred. With illness, injury, and aging, this Spiritual Catalyst Energy is decreased or sometimes lost. When this energy is low or absent, the cells do not rebuild themselves and continued illness and a lack of an ability to recover from injury will be the result.

When your form becomes the Presence you abound in this kind of regenerative Catalyst Energy which you can channel through the Power of Touch to a part of your own body that is in need of healing or to someone else. These energies can be used in hands on healing as well as in At-a-Distance Healing.

Spiritual White Blood Cells

Another kind of energy functions like white blood cells on a Spiritual Level. Once introduced into a person's body they search out and destroy the energies that are harmful to health. Once these energies are destroyed the organic organisms that are flourishing in these energies will lose their Spiritual Medium for operation and will begin to die out. In this way they put a stop to anything in the body that is causing anything other than optimal health.

Power Cleansing Energies

Power Cleansing Energies periodically rise up inside the body and push out through the top of the head clearing out the stagnant energies that tend to coagulate in the energy meridians when you are sitting for long periods of time or sleeping at night. Once this clearing occurs, you feel more awake, refreshed and relaxed and ready to open to the adventure of the moment.

You can transfer these energies to others through the Power of Touch on the Inner and Outer Plane. These energies are especially helpful for the elderly who are bedridden and

who lack the physical mobility to clear their energy system. It gives them the effect, on a Spiritual Level, of a brisk walk and a normal range of physical movement.

THE MIRACLE OF CORRECT EXCHANGE

A miracle is a Gift from my Source Function to you. In order to receive this Gift, you have to provide me with the material energies that enable me to bring the miracle, which is a very immaterial spiritual energy, into your more material level of reality. In our Joint Venture together, my Source Identity at its highest level designs the miracles and I create them and bring them into the Manifest World. If you provide me with the material energies that you produce at your level of reality, then I can use these material energies to land the miracle in your life. If you don't provide me with enough material energies, then the miracle floats like a helium balloon just out of your reach and can't land in your dimension. My very immaterial energies are designed to bring through the miracles from the Immaterial Levels but I lack the material energies that you have to bring them all the way down to the level where you reside. For this reason, there has to be a transfer of correct energies in order for the miracles to come through to you.

There is a Spiritual Science for Correct Exchange that determines for each miracle how much material energy is required to land it in a person's life. This spiritual calculation is given through the Source Guidance that comes in from the highest levels of my Source Function. I share this information with you and we work together, again following Source Guidance, to find ways in which you can bring through the right amount of material energy to balance the exchange.

The kind of material energy needed is generated from Work Power. The energy you generate when you work can be carried through a Financial and Non-Financial Exchange. Non-Financial Exchanges are available for those who cannot exchange with The Miracle School through a Financial Exchange.

Opening the Door to More Miracles

All the miracles that you will ever need already have been created for you and await you at the Unmanifest Level of reality.

In order to bring the miracles into your life you need to:

- provide the material energy that grounds them at your level of material energy
- provide this energy in sufficient quantities at one time for me to open the door wider at the Unmanifest Level, as it were, so that more miracles can get through into the Manifest World at one time. If you give me only a little energy at one time, then the door can only be opened for one miracle at a time. If you give me a greater quantity of

energy then the door can open even wider and more miracles can come through which means faster and more powerful transformational changes. At a certain point, enough energy has been given so that many more miracles come through the open door than you would normally have gotten for the amount of energy that you gave. This translates into a financial savings for you.

Given this principle that the more energy that is given to me at one time, the wider the door opens to the miracles, those who exchange for the Foundation Intervention generate enough energy for 2 additional miracles to be given to them. These miracles come through the door without them having to exchange financially for them.

The two additional miracles are two Miracle Recordings:

- ***The Source Connection Recording*** is an inaudible Energy Recording that transmits the Heaven Medium that is conducive to the Source Connection and the Inner Plane Information that your ***Inner Intelligence*** needs to assist you in maintaining and enhancing your Source Connection. Your Inner Intelligence is the part of your Spiritual Intelligence that knows how to work with the Source,
- ***The Heaven Economy Receptor System Recording*** gives your Inner Intelligence the energy and technical information it needs to build an interface between your Individual Heaven Receptor System and the Receptor System of the Heaven Economy. Your Receptor System is designed to interface with the Heaven Economy Receptor System so that you can benefit from the huge Universal Receptors that land the big miracles that build Heaven in your world. This Recording helps you to make the connection and to benefit from the miracles that create a world that is Heaven.

Correct Exchange for the Foundation Intervention

CORRECT EXCHANGE	
The Presence Recording	\$ 200
The System of Receptivity	1,600
– Miracles for the “Yes” Medium	
– Miracles for the Receptor System	
– 4 Master Miracles	
– Multiplicity of Miracles in the 4 Categories	
– 2 Miracle Tools (bowl and spoon)	
The Four Miracle Imprints	600
The Catalyst Energy Transmitter	100
TOTAL	US\$ 2,500

SAVINGS

For the *two Free Miracle Recordings* which are \$ 400
generally \$200 each.

For the annual renewal of the Receptor System 800

The Correct Exchange for renewal is \$1400/year.

With the Miracle Imprints your renewal is for lifetimes
for only \$600 – a savings of \$800/year for a lifetime.

TOTAL SAVINGS IN ONE YEAR US\$ 1,200

Requesting the Foundation Intervention

To request The Foundation Intervention you can email me at:

contact@themiracleschool.net.

I will provide you with information on how to complete the Correct Exchange and will let you know when I will be beginning the At-a-Distance Work.

CONCLUSION

Countless Heaven Agents have been working with me for many lifetimes to make it possible for this Foundation Intervention to become available to all beings. It has not been easy paving the way for this miracle to make it into the troubled and hostile world we live in. Many have opposed anything that could so profoundly free a life from the predatory energies of the criminal element on the Inner and Outer Plane. Many have opposed putting into the hands of the masses the Spiritual Keys to abundance and success on every level.

Now this Gift is being freely offered to you – a Gift that will transform your life into the Heaven that it was meant to be.

All that is required of you is to provide the material energies that enable me to ground it in your level of materiality. This is the Correct Exchange for this Intervention.

*Sherry Daniel, Ph.D.
Director of The Miracle School*
