Your Relationship to the Source

The Source

**You as 100%
Source-Connected**

YOUR RELATIONSHIP TO THE SOURCE

Directions

Begin by asking me, in your own mind, to transform the Miracle Circles so they will convey information and energies that are meant specifically for you. Then wait about 5 minutes for me to bring through this miracle.

Since the Miracle Circles can bring through three different kinds of miracles, it is important for you to ask me to activate the particular kind of Miracle Circle that you would like to work with. Then allow about 1 minute before beginning to work with the Circle.

Then begin gazing at the Circles and asking your Inner Intelligence to work with the technical information that I am beaming to it and to help bring into your conscious mind whatever information you need to know at this level.

Future Circles

Begin by asking me to activate the Future Circle aspect of this Miracle Tool.

In the Source Circle you can sense the Essence of the Source. In the Circle that represents you, you can sense the Essence you will have when, in the future, you are 100% Source Connected. Then look at the energy exchanged between the two Circles. This will give you information about the relationship between you and the Source when you are 100% Source-Connected.

Sit with the Essence beaming out from the Circles, irradiating you with the knowledge that these Circles project.

Manifestation Circle

Next ask me on the Inner Plane to activate the Manifestation Circle aspect of the Miracle Tool.

Then hold the printout of the Circles in your two hands to transmit the energy that you need to send in to help with the manifestation process. Hold the paper for about 5 minutes and then return to it whenever you want to give more energy to the manifestation process.

It will manifest the completion of a perfected relationship between you and the Source in its entirety.

Reality Shifting Circles

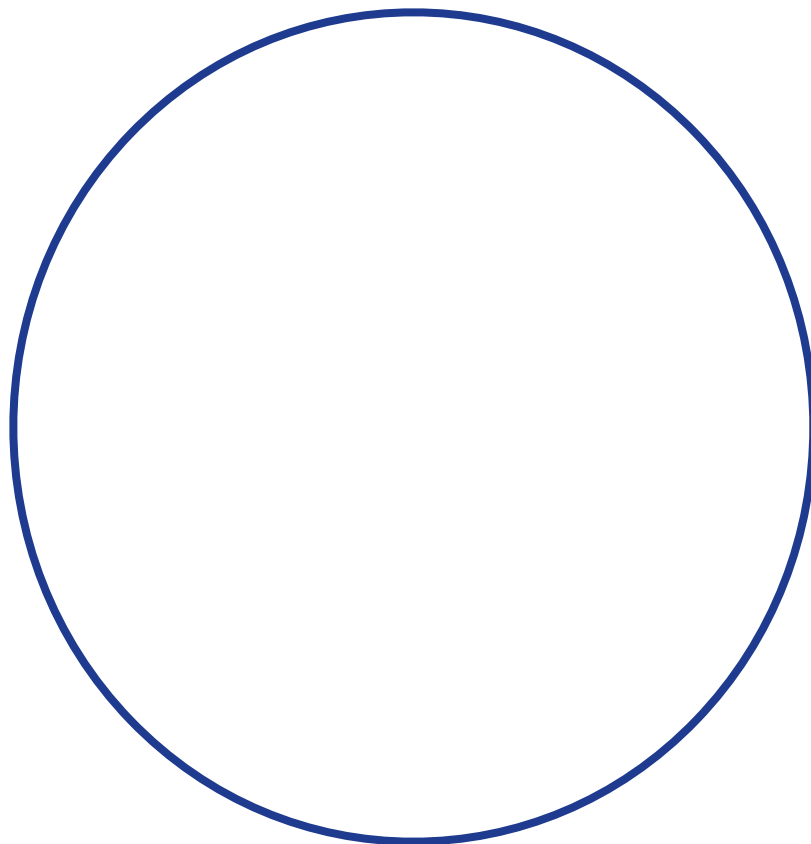

Finally, ask me to activate the Reality Shifting Circle aspect of the Miracle Tool.

Then sit with the piece of paper directly in front of you so the emanations from the Circles can beam into your body. After about 5 minutes you will have set up the energy field of your future Source-Connected Reality and your subconscious mind will begin to register this reality and believe that this is your reality now. It will then become cooperative with anything that fits with this reality.

Return as often as you feel guided to do so in order to amplify the field around yourself so your subconscious mind continues to resonate to this new Reality.

These Circles will manifest the Reality of a “you” that is 100% Source-Connected and a perfected relationship between you and the Source.
